Package Success Rate	53%	74%	85%

Cumulative success rate: Refers to your total chance of achieving pregnancy from one package and all embryo transfers – resulting from one or more attempts.

Deposit for the Egg donation packages: €2,000

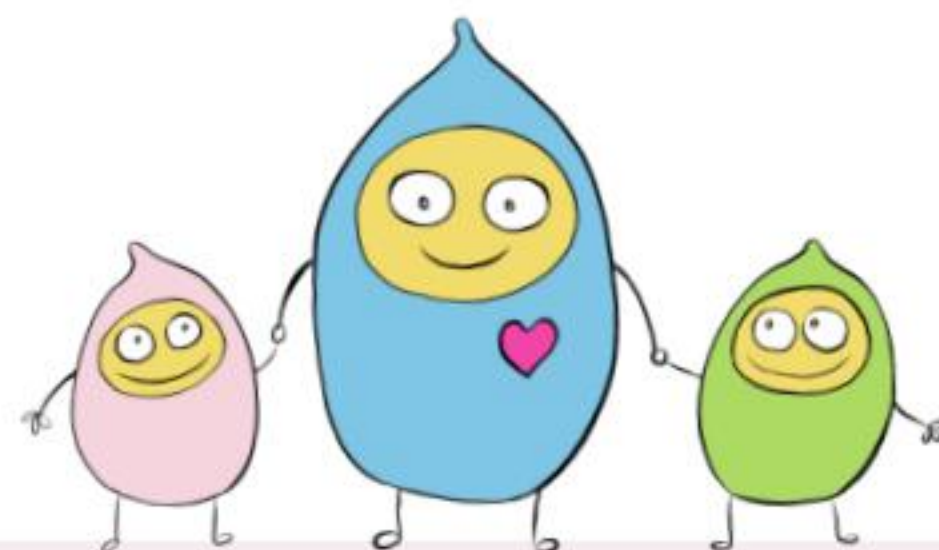

Not included:

- Medications for recipient (included only in Premium package): €100 – €150
- Frozen embryo transfer (if you have frozen embryos): €990

Administration Fee

In the event of a cancelled cycle, an administration fee of €300 applies. This fee is always non-refundable and does not cover the cost of tests.

The Egg Donation Packages Guarantee

In the case of the Basic Package, if at least one embryo suitable for transfer is not yielded, a new cycle will be offered free of charge. The Basic Package is available only with frozen donor eggs. In the case of the Comfort / Premium Package, if the guaranteed number of blastocyst-stage embryo(s) is not yielded, the client has the right to request one or two blastocyst-stage embryo(s) free of charge (depending on the package), to be created and transferred within 12 months after the first transfer. This transfer will be a FET (frozen embryo transfer). If no blastocyst is yielded, as per the Comfort / Premium Package guarantee, a new cycle will also be provided free of charge. For Comfort and Premium Packages, treatment may be performed either with fresh or frozen donor eggs, depending on client preference. If the original donor is not available, eggs from another suitable donor may be used.

If you benefit from two Comfort / Premium packages and they are not successful (confirmed heartbeat),

a third one will be offered free of charge in the form of the Basic package. Please note, any frozen embryos remaining from previous packages must be used before the third one may commence.

For the guarantee to apply, sperm must be of sufficient quality (not in a state of oligoasthenoteratozoospermia). The guarantee does not apply if surgically retrieved sperm (e.g. MESA/TESE) is used. The client must not suffer from any serious autoimmune disease or clinically significant uterine fibroid(s) / uterine myomatosis. The deposit for IVF with donated eggs is non-refundable once fresh or frozen eggs have been reserved, except for medical reasons.

Embryo donation package

1 900 €

Price includes:

- Monitoring and consultations with doctors
- IMSI
- 1x Cryopreserved blastocyst stage embryo
- Frozen embryo transfer
- 20% discount on the 3rd cycle

Deposit for the Embryo donation package: €1,000

Embryo donation package + PGT-A

3 200 €

Price includes:

- Monitoring and consultations with doctors
- IMSI
- 1x Cryopreserved blastocyst stage euploid embryo after PGT-A
- Frozen embryo transfer

Deposit for the Embryo donation package: €1,000

Embryo Banking Package (Save up to 2 350 €)

9 500 €

Price includes:

- 3x IVF Basic Package (excluding Embryo Transfer)
- MSS Fertile Chip
- Cryopreservation (freezing of all embryos) + 1 year of storage

Not included in the price:

- Frozen Embryo Transfer: €990
- Biopsy / PGT-A (Genetics): €550 / €300
- Time-lapse Embryo Monitoring: €500
- Stimulation medications: €600–€1,200
- ECG (for women over 40): €100

Validity: The Embryo Banking Package (consisting of 3 egg retrievals) must be completed within one year of the first egg retrieval.

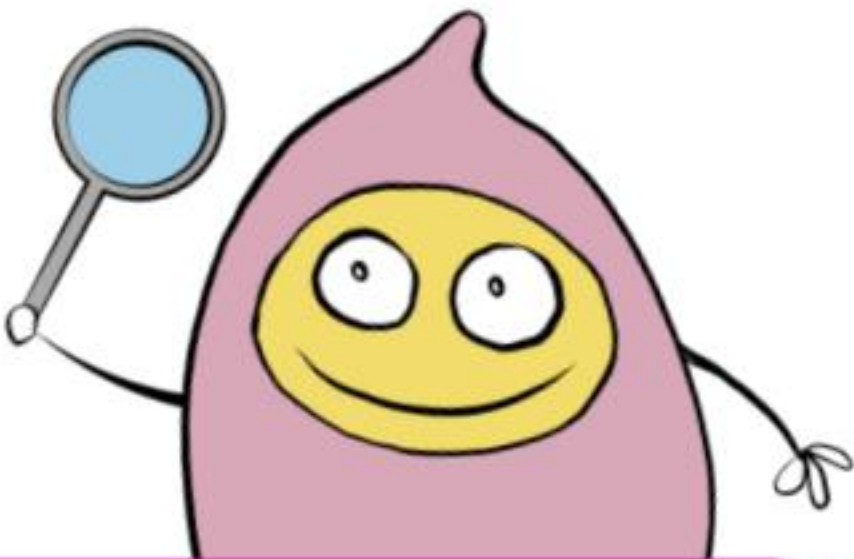

Refunds

- Once stimulation has started (medications taken) and the egg retrieval stage is not reached, the €1,000 fee is non-refundable.
- If the egg retrieval stage is reached but no eggs are collected, a €1,000 refund will be issued.
- All medication purchases are non-refundable. Refunds are per cycle.

Option to Revert to Standard IVF

In the event that the first cycle is unsuccessful (the egg retrieval stage is not reached or no eggs are collected), you - or upon a doctor's recommendation - may choose to withdraw from the Embryo Banking Package and revert to a standard IVF Basic Package. In this case, the price will be adjusted to the IVF Basic Package rate minus a €500 refund.

Deposit for the Embryo Banking Package: €2,600

Egg freezing package

1 cycle	1 900 €
3 cycles (save 1 100 €)	4 600 €
